Attic Service

- December/January are our busiest times of the year for receiving attic service requests.
- Attic service is a complimentary service we provide to our residents to assist them so that they do not have to climb the attic steps. It is intended to be used for seasonal or infrequently used items. It is not part of the move in process.
- Attic service is provided **once weekly on Tuesdays following trash collection**.
- Although we cannot guarantee an exact time when attics will be done, our Grounds team strives to complete them after trash collection on the assigned day.
- Residents are expected to be home at the anticipated time of service. If a resident is unable to be home at the expected time of service, please call the Office.

Wednesday, January 22 – Mid Atlantic Air Museum

Join us for a guided tour of The Mid Atlantic Air Museum. The rare P-61 had crashed high atop Mt. Cyclops on the island of New Guinea in January of 1945.

The Strines had always dreamed of establishing a museum but not with such lofty goals as retrieving a WWII fighter off the top of a 7000-foot mountain in the middle of the Pacific. Some 40 years later, the Mid Atlantic Air Museum flourished with a collection of 125 aircraft, memorabilia displays, archives, as well as a membership base of more than a thousand people, including that Northrop P-61 nightfighter that the Strines successfully recovered.

The rare P-61 had crashed high atop Mt. Cyclops on the island of New Guinea in January of 1945. The Strines had always dreamed of establishing a museum but not with such lofty goals as retrieving a WWII fighter off the top of a 7000-foot mountain in the middle of the Pacific. Some 40 years later, the Mid Atlantic Air Museum flourished with a collection of 125 aircraft, memorabilia displays, archives, as well as a membership base of more than a thousand people, including that Northrop P-61 nightfighter that the Strines successfully recovered.

Don’t Feed the Animals

SRC residents have been experiencing an increase in mice activity this year. Residents are reminded to **not leave any food outside** for stray animals. Food attracts animals of all kinds, many of which can cause damage to homes. Residents who use bird feeders should **not** place them near the house/apartment. Bird feeders too close to homes also attract unwanted dinner guests such as mice and squirrels.

Hoses

Hoses in the front and back of your homes must be disconnected for the winter months. If you have not yet removed your hose and need help, please call the office and someone will be out to remove it for you.

Attic Service

- December/January are our busiest times of the year for receiving attic service requests.
- Attic service is a complimentary service we provide to our residents to assist them so that they do not have to climb the attic steps. It is intended to be used for seasonal or infrequently used items. It is not part of the move in process.
- Attic service is provided **once weekly on Tuesdays following trash collection**.
- Although we cannot guarantee an exact time when attics will be done, our Grounds team strives to complete them after trash collection on the assigned day.
- Residents are expected to be home at the anticipated time of service. If a resident is unable to be home at the expected time of service, please call the Office.

Wednesday, January 22 – Mid Atlantic Air Museum

11 Join us for a guided tour of The Mid Atlantic Air Museum. Established in 1980, by father and son Gene and Russ Strine, both accomplished aviators in their own right, around the acquisition of a rare Northrop P-61 Black Widow night fighter. The rare P-61 had crashed high atop Mt. Cyclops on the island of New Guinea in January of 1945. The Strines had always dreamed of establishing a museum but not with such lofty goals as retrieving a WWII fighter off the top of a 7000-foot mountain in the middle of the Pacific. Some 40 years later, the Mid Atlantic Air Museum flourished with a collection of 125 aircraft, memorabilia displays, archives, as well as a membership base of more than a thousand people, including that Northrop P-61 nightfighter that the Strines successfully recovered.

2025 Resident Committee Dues – \$10

Resident dues for 2025 are due by **January 31st**. Checks should be written to “SRC” and dropped off at the Office or in the mail slot to the left of the Office window.

Christmas Child Project

THANK YOU to everyone who generously gave to the “Christmas Child Project” for the Cluster of Churches, Genesis Women’s Clinic and Salvation Army. This surely has brightened the holiday for many families.

Don’t Feed the Animals

SRC residents have been experiencing an increase in mice activity this year. Residents are reminded to **not leave any food outside** for stray animals. Food attracts animals of all kinds, many of which can cause damage to homes. Residents who use bird feeders should **not** place them near the house/apartment. Bird feeders too close to homes also attract unwanted dinner guests such as mice and squirrels.

Hoses

Hoses in the front and back of your homes must be disconnected for the winter months. If you have not yet removed your hose and need help, please call the office and someone will be out to remove it for you.

Attic Service

- December/January are our busiest times of the year for receiving attic service requests.
- Attic service is a complimentary service we provide to our residents to assist them so that they do not have to climb the attic steps. It is intended to be used for seasonal or infrequently used items. It is not part of the move in process.
- Attic service is provided **once weekly on Tuesdays following trash collection**.
- Although we cannot guarantee an exact time when attics will be done, our Grounds team strives to complete them after trash collection on the assigned day.
- Residents are expected to be home at the anticipated time of service. If a resident is unable to be home at the expected time of service, please call the Office.
