On-Call System

For medical or fire emergencies, please dial 911 directly.

You can reach the maintenance on-call staff by dialing the on-call phone number directly OR pushing the buttons that were provided to you.

The “on-call system” is a direct connection to the staff every minute of every day. The “on-call” system should **only be used when the office is closed** or if you have an emergency and **cannot reach your phone**.

If the office is open, please do not use the “on-call system” to report routine maintenance/landscape items. When a call comes in and displays “EMERGENCY” it makes our hearts skip a beat.

Addresses

When placing orders with Amazon and other delivery services, please be sure they have your full address, including your unit number. Packages are often delivered to the Community Center due to having incomplete addresses.

If your address is incomplete, you may not receive your packages. The office makes every effort to ensure packages mistakenly delivered to the office make their way to the addressee.

John Doe
2461 E. High St., **Apt X-12**
Pottstown, PA 19464

(All units are considered to be apartment addresses per the U.S. Post Office system)

What Insurance Should I Have?

Please make sure the insurance you obtain as a resident of our community is for contents only (typically costs \$100-\$150 annually). We have come across some residents who have been paying insurance as if they owned the home. If you are paying much more than this, consider calling your insurance agent to make sure they understand you require only contents insurance; not homeowners insurance. The agent can call the office if more information is needed.

In Case Snow Continues . . .

Remember to call the office as soon as you can when you hear of a snow event if you need to get out for an appointment; have caregivers, family or friends coming to your home; need to get out on a regular basis (e.g., working, dialysis, or cancer treatments). It does not matter if the event is reported on a Monday for potential snow on a Thursday. There is an established snow removal plan for the community. Refer to your binder for complete snow/ice removal policy.

Trash/Recycle on Snow Days

Please remember that trash/recycle pick up may be delayed during or right after a snow event. Our first priority is to have the community cleared of snow as soon as we can.

Stop Signs = STOP

With the nicer weather coming (hopefully soon!), it is a great time to remind not only our guests but ourselves to be alert and considerate drivers. Please come to a complete stop and look both ways before proceeding. New stop signs will be installed as soon as the weather breaks.

One Court Representative is needed in Court F. Please contact Howard if you are interested in taking the position.

Pastor Franklin is originally from Nigeria, and he welcomes this chance to meet you.

Landscaping Changes

Triton Landscaping will be performing a significant amount of the required landscaping work this year.

The work will include spring cleaning, weeding and edging of mulch beds, placement of new mulch, application of spring and fall lawn fertilizer and weed control, shrub pruning according to the season, tree trimming and fall leaf cleanup. Triton will also be cutting the grass. Our landscaping staff will focus on matters related to aesthetics such as flower planting, shrub replacement, decorating and other projects to enhance and maintain the beauty of our community.

Triton will begin their work on snow damage and leaf cleanup early Spring (weather permitting). Our staff will do its best to communicate the upcoming work activities to be completed by Triton.

Work orders relating to grounds must be made by contacting the office.

SRC Administration and Triton Landscaping agree that any concerns or issues with work activities being performed by Triton should be reported directly to the office.
